

**CITY COUNCIL OF THE CITY OF SAN DIEGO
SUPPLEMENTAL DOCKET NUMBER 1
FOR THE REGULAR MEETING OF
TUESDAY, JUNE 24, 2003**

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS

RESOLUTIONS:

ITEM-S500: Grant Application to Coastal Conservancy for Ocean Beach Pier Structural Survey.

(Ocean Beach Community Area. District-2.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2003-1500)

Authorizing the City Manager to apply to the California State Coastal Conservancy (CSCC) for a grant in the amount of \$125,000, to perform a structural integrity survey of the Ocean Beach Fishing Pier;

Authorizing the City Manager to take all necessary actions to secure, accept, and expend grant funds from the CSCC for a structural integrity survey of the Ocean Beach Fishing Pier, including entering into and executing a grant funding agreement;

Authorizing the City Auditor and Comptroller to establish a special interest-bearing fund for the grant, if secured;

Authorizing the City Auditor and Comptroller to reprogram \$80,000 from the Ocean Beach Pier Concessions Revenue Fund No. 10575 to CIP-29-675.0;

Authorizing the City Auditor and Comptroller to accept, appropriate, and expend funds, if the grant is secured;

Authorizing the City Auditor and Comptroller, upon receipt of a fully executed grant agreement, to increase the Fiscal Year 2003 Capital Improvements Program Budget by adding CIP-29-675.0, Ocean Beach Fishing Pier Structural Survey, in the amount of \$205,000;

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-S500: (Continued)

Authorizing the City Auditor and Comptroller, upon receipt of a fully executed grant agreement, to appropriate and expend \$205,000 from CIP-29-675.0, Ocean Beach Fishing Pier Structural Survey, contingent upon receipt of a fully executed grant agreement.

CITY MANAGER SUPPORTING INFORMATION:

The California State Coastal Conservancy considers public access to shoreline, beaches and piers among its highest funding priorities, and manages grant funds for projects carried out by local governments and non-profit organizations that increase the public's access to, and enjoyment of, the coast. The Conservancy grant program funds such projects as public access ways, trails, stairs, and piers along the coast.

This action authorizes the City Manager to submit a grant proposal to the California State Coastal Conservancy for a structural integrity survey of the Ocean Beach Fishing Pier in the Ocean Beach community. The pier was built in 1966 and extends 2,510 feet into the Pacific Ocean. The life expectancy of the structure was 50 years, and over the years the pier has sustained the force of wave impacts from seasonal storms and high winds. The pier has been exposed to strong storms and wave action in the last 15 years and, as a result, has experienced many pier closings due to public safety issues.

The structural survey will inspect the pier above and below the waterline to determine its stability and provide engineering recommendations for pier improvements. Structural repairs and improvements were made in 1989 using recommendations from a 1988 survey, the last survey of this type to be performed on the pier.

FISCAL IMPACT:

The total cost of this project is \$205,000. If the grant is secured, the City will receive \$125,000 from the California State Coastal Conservancy and contribute \$80,000 from the Ocean Beach Pier Concessions Revenue Fund No. 10575, which can only be used for improvements to the pier.
